

New Disc Releases

March 8th, 2007

Discmania will release three new golf discs. Official release date is set to 16th of March. Release will happen first in US and few weeks later these discs are available worldwide.

P1 – Putter

Speed: 2 Glide: 3 Turn: 0 Fade: 0

Weights: 150 to 175 gram

Plastics: D and S –line

The P1 flight characteristic is very straight at high and low speeds. P1 is ideal for a putter and it works great also as an approach disc. D-line plastic is sticky and not too soft.

CD – Control Driver

Speed: 9 Glide: 5 Turn: -1 Fade: 2

Weights: 150 to 175 gram

Plastics: D and S –line

The CD (Control Driver) is an all purpose driver that has good range and good reliability in most wind conditions. It can be thrown to fly straight, soft hyzer, and long turnover. CD is Easy to throw. Versatile. Reliable.

PD – Power Driver

Speed: 9 Glide: 4 Turn: 0 Fade: 3

Weights: 150 to 175 gram

Plastics: D and S –line

The PD (Power Driver) is a overstable driver with a good glide. The PDs combination of superior speed and stability make it possible to throw drives into the wind with confidence. An excellent disc for throwing long range flex shots.

Discmania is a disc golf company established in 2001 to provide high quality disc golf equipment to players around the world. Discmania not only sells disc golf equipment but manages and promotes successful disc golf events like the 2007 European Open. Discmania currently operates in the United States and Europe.
